Week 7

- Complio report for following quarter is reviewed and non-compliant students are identified
- Lunch and learns, reminder emails sent to students regarding compliance with Complio are accomplished

- By Friday (cut-off is midnight MST on Friday) of the 7th week of the quarter*, students must achieve "over all status compliant" status to remain eligible for the following quarter nursing courses with clinicals. Only those students who are in compliant status will be enrolled in nursing courses with a clinical component by the Registrar.

Weeks
5-6

Weeks of the
Quarter for
Compliance

Week 8

- Beginning of week 8, students who remain non-compliant will not be enrolled in nursing courses with a clinical component by the Registrar. *No exceptions will be made.*
- On Friday of week 8, course schedule for the following term is released to students.

Weeks
3-4

Week 1

- Complio report to identify non-compliant students is reviewed
- Verified non-compliant report is provided to the College Registrar
- Students non-compliant with Complio compliance are removed from nursing courses during the add/drop week

- Students are placed into courses by the College Registrar for the following term
- Number of students per course are identified for classroom schedule
